Minister for Transport.

EXPLANATORY NOTE.

(This note is not part of the Instrument and does not purport to be a legal interpretation.)

The European Communities (Motor Vehicles Type Approval) Regulations 1978 (S.I. No. 305 of 1978) implemented in Ireland those provisions of a number of European Community Directives which deal with the type approval of motor vehicles, their trailers and components. The relevant EC Directives are listed in the Schedule to those Regulations.

Subsequent Regulations have been made amending S.I. No. 305 of 1978 the latest being S.I. No. 868 of 2004, by substituting a new schedule to take account of certain type approval directives subsequently adopted.

These Regulations now amend the schedule to give effect in Irish law to the following Council and Commission Directives:

Council Directive 2004/3/EC of 11 February 2004 amending Council Directives 70/156/EEC and 80/1268/EEC as regards the measurement of carbon dioxide emissions and fuel consumption of small vans.

Commission Directive 2004/86/EC adapting to technical progress Directive 93/93/EC on the masses and dimensions of two or three-wheel motor vehicles.
